Professional Summary

Proactive Computer Science Engineering student passionate about technology and experienced in web development and front-end design. Demonstrated ability to contribute to innovative projects through diverse internships and academic projects. Committed to excellence and eager to make a meaningful impact in the tech industry.

Education

- **X:** ICSE Board – March 2019
- **XII:** SSC - 2021
- **BTech in Computer Science -** 2021-2025

Personal Information

- Language Proficiency: English, Telugu, Hindi
- Mobility: Willing to relocate anywhere in India & overseas also flexible to work remotely or onsite.

Technical Skills

Skills - HTML, CSS, JavaScript, Python, Java, XML, MySQL.

General - Graphic Design, UI-UX Design, Photography/Videography, Editing.

Technical - Software Engineering, PL/SQL, SQL, Bootstrap CSS, ReactJS.

Projects

Kerala Tourism Mock Website

Developed a responsive Kerala tourism website mockup using HTML, Bootstrap CSS, and JavaScript. Simulated tourist destinations, cultural highlights, and travel information with a user-friendly interface. Ensured cross-browser compatibility and optimal performance. Integrated interactive elements to enhance user engagement and overall experience.

Student-Teacher Portal (MERN Stack)

Developing a comprehensive student-teacher portal using MERN stack. The platform enables students to book appointments with professional teachers and allows teachers to sign up and offer their expertise. Features include user authentication, appointment scheduling, and profile management. Emphasizing a user-friendly interface and efficient state management to enhance user experience and engagement.
